CAREER OBJECTIVE

Fourth-year BS Information Technology student at STI College Caloocan and full-stack web developer, seeking a 480-hour On-the-Job Training (OJT) internship starting February 2027. I want to contribute to real web systems using React, Node.js, Express and MySQL while learning from experienced professionals.

EDUCATION

STI College – Caloocan **2023 – Expected Graduation: Aug 2027**
Bachelor of Science in Information Technology

- **Relevant Coursework:** Database Management Systems, Systems Analysis and Design, Web Development, Networking Fundamentals, Object-Oriented Programming, Information Security

STI College – Caloocan **2022 – 2023**
Senior High School – TVL Track (Information and Communications Technology)

- Graduated: 2023

PROJECT EXPERIENCE

TraiSki: Learning Management System (Capstone) | srtvhs-elms.website **STI College – Caloocan | 2026**

- Co-developed a full-stack LMS for San Rafael Technological and Vocational High School with four portals (Student, Teacher, Admin, Super Admin) so classes can continue online.
- Worked across the whole stack: React frontend, Node.js/Express REST API, MySQL database (75+ migrations) and deployment of the live system.
- Built auto-generated, server-scored quizzes, rubric grading, per-student deadlines, JWT login with optional authenticator-app 2FA, audit logs, and Excel import/export for school records.
- Defended in October 2026 and passed with a grade of 90.

Personal Portfolio Website | jesler-portfolio.vercel.app **2026**

- Responsive portfolio built with React, Vite and Tailwind CSS and deployed on Vercel, with light/dark mode, certificate viewer and a built-in FAQ chatbot.

Student Information Management System **STI College – Caloocan | 2022**

- Designed a basic system for managing student records using MySQL and an HTML, CSS and JavaScript interface.

TECHNICAL SKILLS

Frontend: React, JavaScript (ES6+), HTML, CSS, Tailwind CSS, Vite, Responsive Design
Backend: Node.js, Express, REST APIs, JWT Authentication
Database: MySQL, Database Design and Queries, Migrations
Tools & Cloud: Git & GitHub, Render, Vercel, AWS (EC2, VPC basics), Playwright, Postman, VS Code
Other Languages: Python, Java, C#
IT & Networking: Computer Troubleshooting, Network Setup and Basic Configuration

CERTIFICATIONS AND TRAINING

Introduction to Amazon EC2 **AWS Training & Certification | Nov 2026**
Introduction to Amazon Virtual Private Cloud (VPC) **AWS Training & Certification | Nov 2026**
Collaborative Robot Programming Level III **St. Amatiel Technological Institute | In progress**

ORGANIZATIONAL INVOLVEMENT

Member – IT Student Organization **STI College – Caloocan | 2022 – 2023**

- Participated in technology-related events, seminars and collaborative projects.

SOFT SKILLS

Problem-solving and analytical thinking, team collaboration, time management, communication, adaptability and willingness to learn.
