CAREER OBJECTIVE

Fourth-year BS Information Technology student at STI College Caloocan and aspiring web developer, seeking a 480-hour On-the-Job Training (OJT) internship starting February 2027. I want to contribute to real web systems using React, Node.js, Express and MySQL while learning from experienced professionals.

EDUCATION

STI College – Caloocan **2023 – Expected Graduation: Aug 2027**
Bachelor of Science in Information Technology
- **Relevant Coursework:** Database Management Systems, Systems Analysis and Design, Web Development, Networking Fundamentals, Object-Oriented Programming, Information Security

STI College – Caloocan **2022 – 2023**
Senior High School – TVL Track (Information and Communications Technology)
- Graduated: 2023

PROJECT EXPERIENCE

TraiSki: Learning Management System (Capstone) | srtvhs-elms.website **STI College – Caloocan | 2026**
- Co-developed an LMS for San Rafael Technological and Vocational High School with four portals (Student, Teacher, Admin, Super Admin) so classes can continue online.
- Handled frontend and backend work during Capstone 2: built and fixed features in the React pages and the Node.js/Express REST API with MySQL, working from the design made by our team leader.
- System features include auto-generated, server-scored quizzes, rubric grading, per-student deadlines, JWT login with optional authenticator-app 2FA, audit logs, and Excel import/export.
- Defended in October 2026 and passed with a grade of 90.

Personal Portfolio Website | jesler-portfolio.vercel.app **2026**
- Responsive portfolio built with React, Vite and Tailwind CSS and deployed on Vercel, with light/dark mode, a certificate viewer and a built-in FAQ chatbot.

McDollibee POS Simulator **STI College – Caloocan | 2022**
- Fast-food cashier simulator made with a classmate in Grade 12 using HTML, CSS and JavaScript: takes orders and quantities, checks that the cash is enough, and prints a receipt with the total and change.

TECHNICAL SKILLS

Frontend: React, JavaScript (ES6+), HTML, CSS, Tailwind CSS, Vite, Responsive Design
Backend: Node.js, Express, REST APIs, JWT Authentication
Database: MySQL, Database Design and Queries, Migrations
Tools & Cloud: Git & GitHub, Vercel, VS Code
Other Languages: Python, Java, C#
IT & Networking: Computer Troubleshooting, Network Setup and Basic Configuration

CERTIFICATIONS AND TRAINING

AWS Skill Builder: 11 courses completed **AWS Training & Certification | Nov 2026**
EC2, VPC, S3, Lambda, IAM, DynamoDB, API Gateway, CloudFront, KMS and more

Collaborative Robot Programming Level III **St. Amatiel Technological Institute | In progress**

ORGANIZATIONAL INVOLVEMENT

Member – IT Student Organization **STI College – Caloocan | 2022 – 2023**
- Participated in technology-related events, seminars and collaborative projects.

SOFT SKILLS

Problem-solving and analytical thinking, team collaboration, time management, communication, adaptability and willingness to learn.
